

LGBTI+ AWARENESS WEEK MAY 16th - 22nd 2021

We are Cork – Proud to be an inclusive Rainbow City.

Cork City will mark international IDAHOBIT Day 2021 this year as it has every year this past decade by bringing the City Council, public services, community groups and LGBTI+ NGOs together to challenge homophobia, transphobia and biphobia.

LGBTI+ Awareness Week will be opened on Sunday 16th May by the Lord Mayor of Cork Cllr Joe Kavanagh raising the progressive Rainbow Flag over Cork City Hall. In a wonderful link up with San Francisco this year we will be sharing the Intersectional Rainbow Flag with our sister city and raising the rainbow in tandem. San Francisco gifted Cork with a Rainbow Flag allowing us to become the first city on the island of Ireland to formally raise a Rainbow Flag over a civic and public building so we are delighted to gift this specially created flag to them and raise it in unison.

Our Notes to Cork billboard campaign will run throughout LGBTI+ Awareness Week; watch out for ***We are Cork*** across the city with a special rainbow theme, highlighting our intersectionality and diversity.

As a member city of the Rainbow Cities Network we have submitted an entry to the shared RCN Photography Exhibition – ***Intersectionality in the LGBTQ Community*** and the exhibition will be available to view across our social media platforms during LGBTI+ Awareness Week.
