9.9.3 REVIEW THE GREEN ROUTE ON THE NO 208 FROM BISHOPSTOWN TO CITY CENTRE

Members considered Report of Director of Services dated 17th September 2015 on the following motion which was referred to the Committee by An Chomhairle.

‘That Cork City Council would review the current Green Route on the No 208 from Bishopstown to City Centre particularly on the Wilton Road and Wilton Gardens stretch of road in light of the Garda statistics that show that since the inception of the “Green Route” on Wilton Road over 100 serious accidents have been caused as a direct result of the Bus Lane. Wilton Road, at 9.3 meters, is too narrow to accommodate a Bus lane, 2 traffic lanes, cyclists and pedestrians safely. A possible solution may be to revert to 2 traffic lanes and create two 1.5m dedicated cycle lanes; the Impact on bus journey time would be negligible on this small stretch of road and would have a significant improvement in overall safety for all road users and residents.

Also to review the effectiveness of the yellow box closest to Dennehy’s Cross, at the Harley Wood entrance by the church of the Descent of the Holy Ghost Dennehy’s Cross. The Diagonal yellow box is confusing, ineffective and dangerous; it has been the scene of several serious accidents and daily road rage and confrontations. If Cork City Council takes the suggestion above to revert to 2 traffic lanes in this area then the yellow box will no longer be an issue.’

(Proposer: Cllr. T. Moloney 15/208)

Committee Decision

It was agreed to accept the Director of Services Report and recommend it to An Chomhairle for approval.
9.9.4 **REVIEW ROAD LANE LAYOUT ON SOUTH MAIN STREET R847 THROUGH WASHINGTON STREET JUNCTION TO SOUTH MAIN STREET ROAD R608**

Members considered Report of Director of Services dated 17th September 2015 on the following motion which was referred to the Committee by An Chomhairle.

‘That Cork City Council would review the current road lane layout on South Main Street R847 through Washington street junction to South Main Street road R608. There is 2 lanes coming up South Main Street R847, the left hand lane is for turning left & straight ahead, the right hand lane is for turning right only. There are major delays on the traffic going straight ahead due to the fact the cars turning left are often delayed by the fact that Washington Street traffic is busy & there is little of no space for the cars turning left to go, causing a back log down South Main Street as far as North Main Street. A possible solution for this would be if the right hand lane was changed for traffic to go straight & turn right as there is a much better flow of traffic turning right than there is turning left and make the left hand lane turning left only increasing the flow of traffic all round in my opinion.’

(Proposer: Cllr. T. Moloney 15/209).

There is adequate public parking on the other side of the road for public parking, and residents quite often have difficulty parking outside the front door of their houses as motorists not living locally are parking directly outside these houses and leaving their cars there for long periods of time seriously inconveniencing the residents of Audley Place.’

(Proposer: Cllr. S. Martin 15/186)

Strategic Planning & Economic Development & Enterprise Functional Committee

14.2 TRAFFIC CALMING MEASURES REQUIRED OLD YOUGHAL ROAD BETWEEN ST. JOSEPH’S CHURCH AND Tinker’S CROSS

‘That the City Council carry out an urgent examination with a view to bringing in traffic calming measures on Old Youghal Road between St. Joseph’s Church and Tinker’s Cross.'
There is a major issue on this section of the road with speeding cars and it is vital that this be curbed by introducing proper control measures.’

**Roads & Transportation Functional Committee**

14.3 **EMERGENCY SERVICES TO HOMES AT BUCKSTON HILL AND JANEMOUNT, SUNDAY’S WELL**

(Proposer: Cllr. K. McCarthy 15/268)

**Roads & Transportation Functional Committee**

14.5 **EUROPEAN CAPITAL OF INNOVATION PROGRAMME**

‘That the Council engage with the European Capital of Innovation programme with a view to attaining such an accolade. The programme celebrates the European city which is building the best “innovation ecosystem” - connecting citizens, public organizations, academia, and business - with a view to helping the city scale up its efforts in this field – all of which Cork and its region have in abundance.’

(Proposer: Cllr. K. McCarthy 15/269)

**Strategic Planning & Economic Development & Enterprise Functional Committee**

14.6 **HOUSING ADAPTATIONS**

‘Cork people are one of the most generous kind hearted people in this country.

They give willingly every year to different charities, fundraising initiatives etc.

Cork City Council needs approximately €4 million to complete all housing adaptations within its own housing stock for the residents of Cork. We have only received €500,000 despite continuing lobbying of National Government leaving a short fall of €3.5 million.
I propose that Cork City Council apply for fundraising permits & every Councillor & any other Cork City Council staff member who is willing to give up 1 or 2 days of their time go around fundraising within the city centre, every shopping centre around the city and any other area that would be good for fundraising.

We could also open a bank account for any corporate donations, public donations etc.

All this more than likely will not reach the figure of €3.5 million but at least we will be trying something different, rather than giving lip service to a problem we are actually doing something about the problem.

Cork City Council might match the amount donated by the public Euro for Euro to show its commitment to the housing adaptation problem.'

(Proposer: Cllr. T. Moloney 15/271)

Housing & Community Functional Committee

14.7 SIGNAGE ASKING CYCLIST NOT TO CYCLE ON THE FOOTPATHS

‘That Cork City Council would erect signage asking cyclist not to cycle on the footpaths in Blackpool, in particular on Dublin Street as the footpaths are narrow and the doors of the house open directly on to the footpaths.’

Roads & Transportation Functional Committee

14.8 REMOVE FENCING AT THE ENTRANCE TO ARDCULLEN ESTATE, HOLLYHILL

(Proposer: Cllr M. Nugent 15/273)

(Proposer: Cllr. J. Buttmer 15/277)

(Proposer: Cllr. H. Cremin 15/278)

Roads & Transportation Functional Committee

14.13 **FLOODING CAUSED BY BLOCKED DRAINS IN AVONLEA GARDENS, BLACKROCK**

‘That Cork City Council carries out a comprehensive investigation into continued flooding caused by blocked drains in Avonlea Gardens, Blackrock and that council take appropriate actions to alleviate this recurring issue before the Winter & inclement weather exacerbate the problem further. Can council also provide a report on any previous works carried out within this estate in the last three years.’

(Proposer: Cllr. N. O’Keeffe 15/279)

Environment & Recreation Functional Committee

14.14 **MAHON PARK RINGMAHON ROAD**

‘That Cork City Council have the area to the rear of houses in Mahon Park, Ringmahon Road cleared of built up litter from illegal dumping and have the overgrown hedges cut back & removed so that people on this particular row of houses can access & utilise their back entrances.'
Council should also consider erecting a perimeter fence along the rear & side walls of the estate to deter people from using the estate as a shortcut.’

(Proposer: Cllr. N. O’Keeffe 15/280)

**Environment & Recreation Functional Committee**

15. **MOTIONS**

15.1 **CARE OF OUR OLDER POPULATION**

‘While we acknowledge that nursing homes provide a vital service, we also strongly believe that they should not be seen as the first choice of care for our older population.

So we request that the government should be working to provide a range of options that are cost effective and preferable to the older person, their families and medical professionals. Some strategies that need investment in include:

* Increased Home Help and Care packages
* Housing Aid and Housing Adaptation Grant increases
* The utilisation of improvements in technology and improving healthcare to support older people to age at home
* The development of extra-care housing models
* Increases in funding to be focused on supporting people to age at home
* Nursing homes to concentrate on high and maximum care needs

We call on the government to put extra funding towards these strategies in October’s budget in support of our older population.’

Proposer Cllr. T. Moloney 15/244)

15.2 **RE-EXAMINE THE CONCEPT OF EQUALISATION POLICY ON VARIOUS TAX SCHEMES**

‘That given the inability of Cork City Council to carry out any meaningful programme of estate resurfacing or footpath renewal across the six wards (due to inadequate funding), and the fact that traffic calming measures have not been provided for in several budgets, this council calls on central government to re-examine the concept of equalisation policy on various tax schemes (including motor, property) which put larger urban authorities at a disproportionate disadvantage and either scrap it or improve the 80:20 ratio.’

(Proposer: Cllr. M. Finn 15/253)

15.3 **LOCAL PROPERTY TAX**

‘Conscious of the recent LPT county by county figures (and the fact, whether by accident or design, that the Environment Minister's home county has one of the highest top-up payments), Cork City Council calls for a review of 'equalisation fund' processes in terms of tax receipts and ratios to ensure that larger urban areas like Cork City are not being
penalised for size, currently manifesting in appalling lack of investment in roads, housing and most basic council services.’

(Proposer: Cllr. M. Finn 15/257)

15.4 HOUSING CRISIS

“That this Council condemns the Minster Alan Kelly’s blame of Councillors for not doing enough on the Housing crises.’

15.5 LOCAL PROPERTY TAX

“That Cork City Council would write to the Government asking them to abolish the Local Property Tax in the upcoming budget and to replace it with a block grant from central government to Local Authorities so that the council can provide adequate services for the people and the businesses of Cork City.’

(Proposer: Cllr. T. Gould 15/266)

15.6 INCREASE IN THE STATE PENSION

“That Cork City Council acknowledges that between 2009 and 2013, the percentage of older people living in deprivation increased from 9.5 per cent to 16.1 per cent – just under 100,000 people.

And calls on the Government for an increase in the State pension, which has remained unchanged since 2009, and seeks an increase of €2.40 in the living-alone allowance, from €9 a week.’

(Proposer: Cllr. K. O’Flynn 15/270)

16. MOTIONS DEFERRED FROM MEETING OF AN CHOMHAIRLE DATED THE 14TH SEPTEMBER 2015

16.1 CARERS & THE HOUSEHOLD PROPERTY TAX

“That Cork City Council lobby National Government to extend Local Property Tax exemptions to include households where a high level of care is provided, making a household where a high level of care is provided exempt from property tax.’

(Proposer: Cllr. T. Moloney 15/247)

16.2 WATER AFFORDABILITY STRATEGIES FOR CARERS & THEIR FAMILIES

“That Cork City Council calls on the Minister to ensure that carers & their families are going to be assured of, water affordability strategies being put in place to support family carers with high essential water needs due to dialysis, peg feeding, ventilators, showers, washing sheets blankets etc...?
Carers cannot be worried about the cost of water bills when they are caring for a family member.

The volume of water a carer will use when caring within the home is needs-based & considering how much carers save the government every year by the work they do, the very least we can do as a society & as a council is make sure they have one less stress in their already over stressed lives as carers.

Make sure that they get an exception in their water bill.’

(Proposer: Cllr. T. Moloney 15/248)

16.3 **REVIEW THE DOWNGRADING OF HISTORY AS A MANDATORY CORE SUBJECT ON THE REVISED JUNIOR CERTIFICATE CURRICULUM**

‘That Cork City Council would request The Minister for Education and Science and the NCCA to review the downgrading of history as a mandatory core subject on the revised Junior Certificate Curriculum in second level school.’

(Proposer: Cllr. M. Shields 15/249)
