When this fence was vandalised a number of years ago a number of bars were removed using an angle grinder this area became the source of significant levels of anti Social behaviour and residents in Ashmount were unable to leave their young children use the estate green area because of this. Since The Ashmount Estate perimeter fence was re-instated, these problems no longer exist. In March 2001, when Ashmount was being developed the residents of Silversprings Court wrote to Cork City Council demanding that; “The Proposed Development by O’Brien and O’Flynn be devoid of walk ways and pedestrian ways.” The residents of Ashmount have signed a petition requesting that their perimeter fence be kept intact and “devoid of any Walkways or pedestrian ways.”’

This is long overdue and there are quite a few new young families after moving into the area and this playground while regularly used by these families has fallen into disrepair in recent years. The following motion referred to the Committee by An Chomhairle was considered:-

‘That City Council would take on board the serious concerns of the Magazine Road and surrounding areas Residents Assoc. in relation to the street litter problems that exist in Magazine Road and surrounding roads & parks. This entire area is becoming a litter blackspot with broken bottles, empty cans and general litter strewn across the streets. There are now over 22,000 students attending UCC and the vast majority of these pass through this area throughout the day and cast aside their litter. In addition, because of the serious antisocial issues after hours, there is a resultant increase of litter especially empty alcohol bottles/cans being left along the streets and parks. Another issue related to the antisocial behaviour is the tipping over of residents refuse bins with the resultant litter being scattered around the footpaths & roads. These residents request that you give serious consideration to intermittent use of one of your road sweepers trucks.

At present one of your sweeper trucks cleans Bandon Road up as far as Denroches Cross (Centra store) they request that occasionally (maybe once a month) this truck route to be extended to cover Magazine Road as far as the Kilcrea Park junction and also to include Highfield Avenue which is a regular bad black spot. If City Council are seen to be attending to the area then the general population especially students will react positively and they urge City Council to give this serious consideration. This area is still classed as an Architectural Conservation Area (latest Cork City Development Plan) but it is now deteriorating at an alarming rate with street dirt/litter a major issue and gives no incentive to new potential permanent residents to move into the area.’
