### 10.8.2 **DISPOSAL OF LANDS IN THE TANK FIELD**

‘That Cork City Council clarify that decisions in relation to the disposal of lands in the Tank Field, recently activated, were made on the basis of materially incorrect and incomplete information during both the disposal and associated Part 8 process.

That Cork City Council further clarify that this disposal purported to dispose of lands that the City Council didn’t actually own at the time of disposal.

It is noted that the disposal report and associated map, presented to the Council as a basis for their decision, stated that the lands in question were acquired by Order of the County Registrar by means of Conveyance dated 9th October 2001, when in fact, this was not strictly the case, as illustrated below.

- Councillors were not told that (i) a significant portion of the lands were not included in the County Registrar’s order, and (ii) also importantly, they were not told that this land formed part of the statutory 10% green area of Mayfield Heights housing estate (located across the road from The Tank Field).
- Furthermore, it should be noted that members were informed that Council retrospectively claimed ownership of this 10% green area by means of Possessory Title (Squatters Rights), even though it subsequently was acknowledged that no such Possessory Title had been registered, as is required by law.

- It is also an issue of concern that the information contained in the subsequent Part 8 Certification which stated that the development does not contravene the Development Plan for the City of Cork, despite the fact that it was proposing to utilise a significant area in a manner not in accordance with its Public Amenity Zoning.

In view of the above, can I propose that Cork City Council resolves to seek independent legal advice into the validity of the aforementioned Disposal Order, and the associated Part 8, and that in the meantime, no further development be undertaken on the Tank Field until such time as this issue is clarified and resolved.'

(Proposer: Cllr. J. Kavanagh 18/186)
