SHOW MARQUEE

🕒 11.30 13.30 15.30

SCIENCE 2 LIFE

THE DEVASTATINGLY DRAMATIC CLIMATE SHOW

Scientific Sue will demonstrate how fire tornadoes can be formed and explain why the eucalyptus tree is potentially one of the fire brigades' biggest enemies. The consequences of any changes to our climate could lead to intense droughts, storms, heat waves and rising sea levels – we don't want to alarm you we want to scare you! Scare you with crazy, innovative science demonstrations which will answer many questions the children may have around the topic of weather and climate.

SHOW MARQUEE

🕒 12.30 14.30 16.30

THE SCIENCE GUY

SCIENCE IS YOUR SUPERPOWER

Scientist and TV Presenter, Mark the Science Guy, from RTE's award-winning science series, 'Let's Find Out', will host an interactive, fun-filled, energetic display of your favourite experiments and demonstrations from the hit show. Hilarious, spontaneous, outrageous! Join Mark on a scientific adventure as you discover your true superpower, Science! Plenty of enthusiastic volunteers will be needed in this highly interactive family show. Giggles guaranteed.

CIRCUS TOP INNOVATION WAY

🕒 12.00 14.00 16.00

SIMPLY SCIENCE

AIR FORCE

Hosted by physicists Dr. Stephen Davitt and Phil Smyth from RTE's Home School Hub, this interactive science show gets the whole audience involved in a fun, hands-on journey and builds from basic principles to showcase science that the audience gets to try live on stage.

CIRCUS TOP INNOVATION WAY

🕒 13.00 15.00 17.00

SCIENCE MADE SIMPLE

THE WATER SHOW

Using lots of demonstrations and volunteers to help, Science Made Simple will help you recognise and name properties of water – freezing, boiling, melting, condensing, dissolving and evaporating and will talk about the states of matter – solid, liquid and gas. They will illustrate how water has a chemical formula and how water and the objects in it are affected by forces – floating and sinking, gravity. And be prepared to get wet! Audience members may get a little wetter than they bargain for.

CIRCUS TOP DISCOVERY DRIVE

🕒 11.30 13.30 15.30

THUNDERBOLTS & LIGHTENING

AIR HEADS

Steve has a new hobby. He's a bit of an airhead. Long suffering friend Barbara wants to know more, though soon she'll wish she'd never asked. Join them in this ridiculous adventure of nonsense, one-upmanship and hovercrafts*. Who knows? You might even learn something along the way.

🕒 12.30 14.30 16.30

INSPIRATIONAL SCIENCE

THE CIRCUS SCIENCE SHOW

Join Dr. Ken with his tardis of Experiments, amazing tricks and stunts. Science you never knew existed will appear and disappear throughout the day.

WALKABOUT

OUR SCIENCE ENTERTAINERS CAN POP UP ANYWHERE!

BALLOON PUZZLES AND BUBBLE SHAPES

BUBBLY MATHS

Join Bubbles the clown for balloon and bubbly maths.

Who knew maths could be so much fun!

SCIENCE ON STILTS

CIRCUS 250

Real scientists, who are also stilt walkers, wander through the Festival doing simple science experiments on stilts and interacting with the audiences, including science-based conversations using visual prompts.

UNSTABLE UNICYCLE EQUILIBRIUM

ALCHEMEY ARTS

Get to the bottom of how a unicycle works, understand all the different ways in which a unicycle can move. As it is essentially a wheel, it can execute a wide range of complicated movements all related to physics.

ACTIVITIES

EXPLORE, INVESTIGATE, EXPERIMENT & DISCOVER!

INNOVATION WAY

Madlab | Analog Devices International
The ARC | MTU Blackrock Castle Observatory

DISCOVERY DRIVE

Simply Science | Cell Explorers | VistaMilk
APC Microbiome Ireland | Ireland Fossil Heritage
Current Chemistry Investigators | INSIGHT
Cork City Council | MTU VEX Robotics | TOG Hackerspace

ACTIVE ZONE

Cork City Council | Cork Sports Partnership | FAI

EXPLORATION AVENUE

Naturally Wild | Animal Roadshow | CALMAST | IPIC
TYNDALL | Learn it | Lifetime Lab
TRANSLATE - UCC Academy | Fota Wildlife Park
Lismore Heritage Education | UCC School of Chemistry
Explorers Education Programme | MTU Science 4 Life

EVENT MAP

JUNE 10 + 11 | FITZGERALD PARK. CORK | 11am - 6pm

Fondúireacht Eolaíochta Éireann
Dá bhfuil romhainn
Science Foundation Ireland
For what's next

The event map is a colorful illustration of the festival grounds. It features several key zones and facilities:

- STREET CUISINE:** Located at the top left, featuring various food stalls.
- RIVER STAGE:** Situated along the top edge, adjacent to a large blue pond.
- ACTIVE ZONE:** An orange-colored area on the left side, containing a playground.
- CIRCUS TOP:** Two blue-colored areas, one in the middle left and one at the bottom left, each with several colorful tents.
- DISCOVERY DRIVE:** A blue-colored area in the center, featuring a winding path and various science-themed exhibits.
- EXPLORATION AVENUE:** A green-colored area on the right side, with a large building and several tents.
- INNOVATION WAY:** A pink-colored area at the bottom left, with a large structure and tents.
- SHOW MARQUEE:** A large red and white striped tent on the right side.
- ENTRANCE:** A red banner at the bottom right indicating the main entry point.

Facilities are marked with icons: Event HQ (blue building), Cork Public Museum (blue building with 'm'), CAFE (red coffee cup), WATER STATION (blue water tap), FIRST AID (green cross), PLAYGROUND (yellow play structure), TOILETS (purple person icon), and RECYCLING BINS (green recycling symbol).
