

Samsung Cloud Backup

Utilising your Samsung Cloud account will ensure that you don't lose your data if your phone is lost, stolen or broken. You can also restore files and sync data on other devices while logged into your Samsung Cloud account.

1. Go to **Settings** and select **Accounts and Backup**
2. Select **Samsung Cloud** (you may be prompted to set up Two Step Verification)

3. Select **Back up this Phone**

4. Select All and click on **Back Up**
