RE: Section 5 Declaration R976-25. 61 Ashleigh Drive, Skehard Road, Cork

A Chairde,

With reference to your request for a Section 5 Declaration at the above-named property, received on 11th of August 2025.

The Question before the Planning Authority is whether “the construction of a single storey extension to the rear of existing dwelling Exempt Development?”

Having regard to —

- Sections 2, 3, and 4 of the Planning and Development Act 2000 as amended, and
- Articles 6, 9, 10 and Class 1 (Exempted Development) as set out in Part 1 of Schedule 2 of the Planning and Development Regulations (as amended)

The Planning Authority considers that the proposed works to the existing dwelling house, consisting of the following: The construction of a single storey extension (32.1m²) to rear of dwelling house at 61 Ashleigh Drive, Skehard Rd., Cork **IS DEVELOPMENT** and **IS EXEMPTED DEVELOPMENT**.

PLANNER'S REPORT Ref. R976/25		Cork City Council Development Management Strategic Planning and Economic Development
Application type	Section 5 Declaration	
Description	<i>Whether the following is development and, if so, is it exempted development:</i> <i>The construction of a single storey extension to rear of dwelling house</i>	
Location	61 Ashleigh Drive, Skehard Rd., Cork	
Applicant	Shane Coughlan & Cliodhna Murphy	
Date	07/01/2026	
Recommendation	The construction of a single storey extension to rear of dwelling house at 61 Ashleigh Drive, Skehard Rd., Cork – IS DEVELOPMENT and IS EXEMPTED DEVELOPMENT .	

Further Information Response

This report should be read in conjunction with the previous report dated 05/09/2025. The applicant/owner of the site as part of the FI request was requested to submit the following further information:

Point No. 1

The applicant has submitted no specific documents and details in relation to the full size and layout of the proposal and how it relates to the wider subject site. As a result, it is not possible to carry out a comprehensive assessment of the proposal. Therefore, the applicant is requested to submit an accurately scaled site layout plan to show the proposed domestic extension layout on the site that demonstrates it is in full compliance with all of the conditions attached to Schedule 2, Part 1, Class 1 Exempted Development — General (specifically Condition/Limitations 5 and 6) as set out in the Planning and Development Regulations 2001 (as amended).

Assessment

The applicant has submitted further information in response to the point raised above. The documents submitted by the applicant include a site layout, proposed floor and roof plans and proposed side and rear elevations. Conditions 5 and 6 state the following:

5. *The construction or erection of any such extension to the rear of the house shall not reduce the area of private open space, reserved exclusively for the use of the occupants of the house, to the rear of the house to less than 25 square metres.*

6.

(a) *Any window proposed at ground level in any such extension shall not be less than 1 metre from the boundary it faces.*

(b) *Any window proposed above ground level in any such extension shall not be less than 11 metres from the boundary it faces.*

(c) *Where the house is detached and the floor area of the extension above ground level exceeds 12 square metres, any window proposed at above ground level shall not be less than 11 metres from the boundary it faces.*

Having examined the revised details submitted by the applicant I would consider that the proposed domestic extension clearly satisfies both Conditions 5 and 6 that are attached to Schedule 2, Part 1, Class 1 Exempted Development — General as set out in the Planning and Development Regulations 2001 (as amended).

Conclusion

The question has been asked whether the *construction of a single storey extension to rear of dwelling house*, is exempted development. Having considered the particulars submitted with the application, the further information submitted and the relevant legislation as set out above, it is considered that the proposed domestic extension is development. From the details submitted the proposed structure would comply with all of the conditions attached to Class 1 as set out in the Planning and Development Regulations 2001 (as amended).

RECOMMENDATION

In view of the above and having regard to —

- Sections 2, 3, and 4 of the Planning and Development Act 2000 as amended, and
- Articles 6, 9, 10 and Class 1 (Exempted Development) as set out in Part 1 of Schedule 2 of the Planning and Development Regulations (as amended)

the planning authority considers that —

the proposed works to the existing dwelling house, consisting of the following:

The construction of a single storey extension (32.1m²) to rear of dwelling house

at 61 Ashleigh Drive, Skehard Rd., Cork **IS DEVELOPMENT** and **IS EXEMPTED DEVELOPMENT**.

RE: Section 5 Request:
R976/25. 61 Ashleigh Drive, Skehard Road, Cork.

A Chara,

With reference to your request for a Section 5 Declaration at the above-named property, received on the 11th of August, 2025.

The question put before the Planning Authority is “the construction of a single storey extension to the rear of existing dwelling Exempt Development?”

It is considered that a full and comprehensive assessment cannot be carried out to date given the fact that an insufficient amount of detail has been provided. Therefore, the Planning Authority will require the following details to be submitted:

1. The applicant has submitted no specific documents and details in relation to the full size and layout of the proposal and how it relates to the wider subject site. As a result, it is not possible to carry out a comprehensive assessment of the proposal. Therefore, the applicant is requested to submit an accurately scaled site layout plan to show the proposed domestic extension layout on the site that demonstrates it is in full compliance with all of the conditions attached to *Schedule 2, Part 1, Class 1 Exempted Development — General* (specifically Condition/Limitations 5 and 6) as set out in the *Planning and Development Regulations 2001 (as amended)*.

It is thus considered that **FURTHER INFORMATION** is required.

Recommendation	FI requested

INTERPRETATION

In this report 'the Act' means the Planning and Development Act, 2000 as amended and 'the Regulations' means the Planning and Development Regulations, 2001 as amended, unless otherwise indicated.

REQUIREMENTS FOR A SECTION 5 DECLARATION APPLICATION

Section 5(1) of the Planning and Development Act 2000 as amended states,

5.—(1) If any question arises as to what, in any particular case, is or is not development or is or is not exempted development within the meaning of this Act, any person may, on payment of the prescribed fee, request in writing from the relevant planning authority a declaration on that question, and that person shall provide to the planning authority any information necessary to enable the authority to make its decision on the matter.

The requirements for making a section 5 declaration are set out in the Act.

THE QUESTION BEFORE THE PLANNING AUTHORITY

The question to the planning authority is framed using the phrasing of section 5. The applicant states in the request,

"is the construction of a single storey extension to the rear of existing dwelling Exempt Development?"

In my opinion the intention of the request is clear, and that it is entirely reasonable to consider the question before the planning authority as being:

Whether the following is development and, if so, are they exempted development:

- 1. The construction of a single storey extension to rear of dwelling house.*

SITE DESCRIPTION

The subject property is a two-storey semi-detached dwelling and is located in an area that is zoned as ZO 01, Sustainable Residential Neighbourhoods as set out in the Cork City Development Plan 2022-2028. The wider area surrounding the site is predominantly residential in nature. The

site is not located within an Architectural Conservation Area (ACA) as set out in the Cork City Development Plan 2022-2028 it is noted.

DESCRIPTION OF THE DEVELOPMENT

The proposed development proposes the construction of new single storey flat roof extension to the rear of the existing dwelling.

RELEVANT PLANNING HISTORY

None.

LEGISLATIVE PROVISIONS

Planning and Development Act, 2000 as amended

Section 2(1)

“exempted development” has the meaning specified in section 4.

“structure” means any building, structure, excavation, or other thing constructed or made on, in or under any land, or any part of a structure so defined, and—

- (a) where the context so admits, includes the land on, in or under which the structure is situate, and*
- (b) in relation to a protected structure or proposed protected structure, includes—*
 - (i) the interior of the structure,*
 - (ii) the land lying within the curtilage of the structure,*
 - (iii) any other structures lying within that curtilage and their interiors, and*
 - (iv) all fixtures and features which form part of the interior or exterior of any structure or structures referred to in subparagraph (i) or (iii).*

“works” includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure or proposed protected structure, includes any act or operation involving the application or removal of plaster, paint, wallpaper, tiles or other material to or from the surfaces of the interior or exterior of a structure.

Section 3(1)

In this Act, “development” means, except where the context otherwise requires, the carrying out of any works on, in, over or under land or the making of any material change in the use of any structures or other land.

Section 4(1)(h)

4.(1) The following shall be exempted developments for the purposes of this Act—

...

(h) development consisting of the carrying out of works for the maintenance, improvement or other alteration of any structure, being works which affect only the interior of the structure or which do not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or of neighbouring structures;

Section 4(2)

Section 4(2) provides that the Minister may, by regulations, provide for any class of development to be exempted development. The principal regulations made under this provision are the Planning and Development Regulations 2001, as amended.

Section 4(3)

A reference in this Act to exempted development shall be construed as a reference to development which is—

- (a) any of the developments specified in subsection (1), or*
- (b) development which, having regard to any regulations under subsection (2), is exempted development for the purposes of this Act.*

Section 5(1)

See section 1 of this report.

Planning and Development Regulations 2001 to 2018 as amended

Article 5(2)

In Schedule 2, unless the context otherwise requires, any reference to the height of a structure, plant or machinery shall be construed as a reference to its height when measured from ground level, and for that purpose “ground level” means the level of the ground immediately adjacent to the structure, plant or machinery or, where the level of the ground where it is situated or is to be situated is not uniform, the level of the lowest part of the ground adjacent to it.

Planning and Development Regulations, 2001 as amended

Article 6(1),

Subject to article 9, development of a class specified in column 1 of Part 1 of Schedule 2 shall be exempted development for the purposes of the Act, provided that such development complies with the conditions and limitations specified in column 2 of the said Part 1 opposite the mention of that class in the said column 1.

Article 9 sets out restrictions on exemptions specified under article 6.

Article 9(1) of the Regulations sets out circumstances in which development to which Article 6 relates shall not be exempted development, including (a) if the carrying out of such development would:-

9. (1) Development to which article 6 relates shall not be exempted development for the purposes of the Act— (a) if the carrying out of such development would—

(xii) further to the provisions of section 82 of the Act, consist of or comprise the carrying out of works to the exterior of a structure, where the structure concerned is located within an architectural conservation area or an area specified as an architectural conservation area in a development plan for the area or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan and the development would materially affect the character of the area,

Article 9

Article 9 sets out restrictions on exemptions specified under article 6.

(Article 6) Schedule 2, Part 1, Class 1

Classes 1-8 relate to development within the curtilage of a house and Class 1 relates to “the extension of a house, by the construction or erection of an extension (including a conservatory) to the rear of the house or by the conversion for use as part of the house of any garage, store, shed or other similar structure attached to the rear or to the side of the house”.

ASSESSMENT

Development

The first issue for consideration is whether or not the matter at hand is ‘development’, which is defined in the Act as comprising two chief components: ‘works’ and / or ‘any material change in the use of any structures or other land’.

‘Works’ is defined in section 3(1) of the Act as including ‘any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal’.

With regard to the proposed development, the main issues to consider is as follows:

The construction of a single storey extension to rear of dwelling house.

- I consider that the construction of the rear extensions constitutes ‘works’ as it comprises the alteration to a building on the site. As the proposal comprises ‘works’, it is clearly therefore ‘development’ within the meaning of the Act.

Therefore, as the proposal comprises ‘works’, it is clearly therefore ‘development’ within the meaning of the Act.

CONCLUSION Is development

Exempted development

The next issue for consideration is whether or not the matter at hand is exempted development. Section 2(1) of the Act defines ‘exempted development’ as having ‘the meaning specified in section 4’ of the Act (which relates to exempted development).

Section 4(3) of the Act states that exempted development either means development specified in section 4(1) or development which is exempted development having regard to any regulations under section 4(2).

With regard to the proposed development, the main issues to consider is as follows:

- *The construction of a single storey extension to rear of dwelling house.*

I consider that article 6 and **Class 1** applies, as the proposed development is for an extension of a house by the construction of an extension to the rear of the house. Having assessed the proposed extension against Class 1 and its conditions and limitations I find as follows:

Condition / Limitation 1

The house, from reviewing planning history, has not been previously extended. The proposed extension is approximately 32.1m² in area and is a single storey extension. Therefore part (a) of this condition and limitation are satisfied (parts (b) and (c) do not apply).

Condition / Limitation 2

The house does not appear to have been previously extended therefore this condition/limitation does not apply.

Condition / Limitation 3

The proposed works are ground floor only therefore this condition/limitation does not apply.

Condition / Limitation 4

The height of the walls of the proposed extension do not exceed the height of the rear wall of the house. The highest part of the roof of the proposed extension does not exceed the height of the highest part of the roof of the dwelling. Therefore parts (a) and (c) of this condition and limitation are satisfied (part (b) does not apply).

Condition / Limitation 5

The applicant has not submitted a proposed site layout and so it is not possible to assess whether or not the minimum required 25m² of open space will remain in place to the rear of the dwelling.

Condition / Limitation 6

Again, the applicant has not submitted a proposed site layout and so it is not possible to assess whether or not the proposed ground floor windows are to be more than 1 metre from the boundaries they face. It is noted that 2 No. proposed ground floor windows to directly face the rear garden will be more than 1 metre from the boundary they face. However, 2 No. proposed windows facing towards the northern boundary of the site may well also be over the required 1m distance if the width of the existing domestic garage is used as a measurement but it is not possible to confirm this until a site layout plan has been submitted.

Condition / Limitation 7

From the submitted plans it does not appear that the roof is proposed to be used as a balcony or roof terrace.

Restrictions on exemption

The proposed development as stated above is not located in an Architectural Conservation Area as set out in the Cork City Development Plan 2022-2028 and so there are no restrictions on the exemption it is considered.

CONCLUSION

FI required

ENVIRONMENTAL ASSESSMENT

I note the provisions of sections 4(4), 4(4A) and 177U(9) of the Act which state,

Section 4(4),

Notwithstanding paragraphs (a), (i), (ia) and (l) of subsection (1) and any regulations under subsection (2), development shall not be exempted development if an environmental impact assessment or an appropriate assessment of the development is required.

Section 4(4A)

Notwithstanding subsection (4), the Minister may make regulations prescribing development or any class of development that is—

- (a) authorised, or required to be authorised by or under any statute (other than this Act) whether by means of a licence, consent, approval or otherwise, and*
 - (b) as respects which an environmental impact assessment or an appropriate assessment is required,*
- to be exempted development.*

Section 177U(9)

In deciding upon a declaration or a referral under section 5 of this Act a planning authority or the Board, as the case may be, shall where appropriate, conduct a screening for appropriate assessment in accordance with the provisions of this section.

8.1 Screening for Environmental Impact Assessment

Having regard to the contents of Article 103 and Schedule 7 of the Planning and Development Regulations 2001, as amended it is considered that the proposed development by reason of its nature, scale and location would not be likely to have significant effects on the environment. Accordingly it is considered that **environmental impact assessment is not required**.

8.2 Screening for Appropriate Assessment

The applicant has not submitted an appropriate assessment screening report. The relevant European sites are the Cork Harbour SPA (site code 004030) and the Great Island Channel cSAC (site code 001058). Having regard to the location of the proposed development site relative to these European sites and related watercourses and to the nature and scale of the proposed development it is considered that the proposed development would not affect the integrity of these European sites. Accordingly, it is considered that **appropriate assessment is not required**.

RECOMMENDATION

It is considered that a full and comprehensive assessment cannot be carried out to date given the fact that an insufficient amount of detail has been provided. Therefore, the Planning Authority will require the following details to be submitted:

1. The applicant has submitted no specific documents and details in relation to the full size and layout of the proposal and how it relates to the wider subject site. As a result, it is not possible to carry out a comprehensive assessment of the proposal. Therefore, the applicant is requested to submit an accurately scaled site layout plan to show the proposed domestic extension layout on the site that demonstrates it is in full compliance with all of the conditions attached to *Schedule 2, Part 1, Class 1 Exempted Development — General* (specifically Condition/Limitations 5 and 6) as set out in the *Planning and Development Regulations 2001 (as amended)*.

This map should be read in conjunction with the folio.

Tailte Éireann (TÉ) Registration mapping is based on TÉ Surveying mapping. Where TÉ Registration maps are printed at a scale that is larger than the TÉ Surveying scale, accuracy is limited to that of the TÉ Surveying map scale. For details of the terms of use and limitations of scale, accuracy and other conditions relating to TÉ Registration maps, see www.tailte.ie.

This map incorporates TÉ Surveying map data under licence from TÉ. Copyright © Tailte Éireann and Government of Ireland.

A full list of burdens and their symbology can be found at: www.landdirect.ie

Tailte Éireann Registration operates a non-conclusive boundary system. The TÉ Registration map identifies properties not boundaries meaning neither the description of land in a folio nor its identification by reference to a TÉ Registration map is conclusive as to the boundaries or extent. (see Section 85 of the Registration of Title Act, 1964). As inserted by Section 62 of the Registration of Deed and Title Act 2006.
