## **Environmental Assessments**

### **Sub-threshold EIS**

Having regard to the contents of Article 103 (as amended by Article 14 of the Planning and Development (Amendment) (No3) Regulations 2011) and Schedule 7 of the Planning and Development Regulations 2001 (as

amended) it is considered that the proposed development by reason of its nature, scale and location would not be likely to have significant effects on the environment. Accordingly, it is considered that an EIS is not required to be submitted.

### **Appropriate Assessment**

The subject site is located west of an existing Special Protection area, namely Cork Harbour SPA (Site Code: 004030) and proposed NHA, namely Douglas River Estuary (Site Code: 001046).

The potential for this development to have significant impacts on any Natura 2000 site has been ruled out because it is of a type and scale of development which will not result in any impact on the habitats or species for which the Nature 2000 site is designated.

### **Planning Assessment**

As per definition of "*development*" in Section 3 (1) of the Planning and Development Act 2000 (as amended), it is considered that the proposed change of use, is '*development*' and that the remaining question therefore is whether it is '*exempted development*'.

Schedule 2, Part 1 of the Planning and Development Regulations 2001 (as amended) relates exempted development.

As noted above, Class 14 (f) refers to the change of a house, "*to use as a residence for persons with an intellectual or physical disability or mental illness and persons providing care for such persons*" with the condition and limitation that "*The number of persons with an intellectual or physical disability or a mental illness living in any such residence shall not exceed 6 and the number of resident carers shall not exceed 2.*"

It is noted that the intended occupier is Kare Plus South Cork. The application does not include any cover letter or any details of the nature of service provided by this service operator, other than a simple description of the provision of residential care for "*children at risk, including those with learning difficulties.*" Based on the information submitted, it is not clear if the service is directly applicable to the class use as set out in Class 14 (f) above and how it will operate from the property, i.e. hours/days of operation, part, or full time occupation etc. It is therefore considered appropriate to request further information from the applicant giving details of the services they provide and how the proposed use of this dwelling can be directly associated with Class 14 (f).

It is noted that the application does not specify if there will be any changes to the interior or exterior of the property. These details shall also be sought to enable the Planning Authority to fully assess this Section 5 declaration request.

### **Conclusion**

I recommend a request for further information for the following:

Based on the information submitted, the Planning Authority cannot make a full assessment of this Section 5 declaration request. The applicant is therefore requested to submit the following information:

- (a) Full details of the proposed service to be provided for and operate from this property. Class 14 (f) specifically refers to the change of use of a house "*to use as a residence for persons with an intellectual or physical disability or mental illness and persons providing care for such persons*" with the condition

and limitation that *"The number of persons with an intellectual or physical disability or a mental illness living in any such residence shall not exceed 6 and the number of resident carers shall not exceed 2."* Please provide a letter / further details setting out the nature of the service to be provided at the property, also giving details of hours/days of operation and the extent of occupation of the building for a full time, part time or intermittent use of the building.

- (b) Please clarify if there are any changes proposed for the internal areas or any changes to the exterior of the property. If so, please provide proposed floor plans and proposed external elevations of the property.
