9.1 MOTIONS

9.1.1 DESIGNATE THE NEW BRIDGE AS THE “FREDERICK DOUGLASS BRIDGE”

Members considered the report of the Directors of Services, Corporate, Community & Cultural Affairs, and Infrastructure Development, dated 12th January 2026 on the following motion:-

‘That Cork City Council, on the back of a previous motion I submitted to this Council in 2022, can look to name the new bridge in Cork City the “Frederick Douglass Bridge.”

Statement of Rationale:

Frederick Douglass, the eminent abolitionist, writer, and global advocate for human and civil rights, visited Cork in 1845 during his historic Irish tour. His lectures and engagements in the city had a lasting impact on Cork’s civic and cultural life and continue to form an important chapter in our shared history.

The proposal to name this bridge after Frederick Douglass carries additional significance. A major bridge in Washington, D.C. is already named the Frederick Douglass Memorial Bridge, a landmark of national importance in the United States. During a previous visit by representatives of Cork City Council to Washington, D.C., it was suggested that should Cork choose to name its new bridge in honour of Frederick Douglass, there may be an opportunity to explore the twinning of the two bridges. Such a twinning arrangement would strengthen international civic relationships, highlight shared values of justice and equality, and deepen cultural and educational ties.

Naming the bridge after Frederick Douglass would therefore:

1. Honour a Historic Connection: Recognise the important relationship between Frederick Douglass and the people of Cork.
2. Continue the Work of the 2022 Motion: Build directly on the aims and principles of the motion I submitted in 2022, reaffirming Cork City Council’s commitment to inclusion, equality, and the recognition of figures who embody these values.
3. Promote International Civic Links: Provide the basis for exploring the potential twinning of Cork’s new bridge with the Frederick Douglass Memorial Bridge in Washington, D.C.

4. Enhance Public Awareness: Offer a meaningful civic landmark inspiring reflection on Cork's role in global human rights history.
5. Celebrate a Shared Global Legacy: Align Cork with other cities that honour Frederick Douglass as a leader of enduring moral importance.

In light of the above, and in keeping with the objectives outlined in the 2022 motion, I request that the Council formally look at designating the new bridge as the Frederick Douglass Bridge, and undertake any necessary administrative or diplomatic steps to support this designation and explore opportunities for international bridge twinning.'

Similar to the Spanish alert system in Spain, called the ES-Alerts.’

(Proposer: Cllr. N. O’Flynn 26/070)

27.4 **DEVELOPMENT OF A JOINT SCHOOL CAMPUS AT LISHEENS**

- Recalls that this Council completed a compulsory purchase of this site in 2024 and that the land remains in Council ownership;

APPENDIX 1

MOTIONS

An Chomhairle to note the referral to the relevant Committee of the following motions, due notice of which has been given:-

1. PEDESTRIAN CROSSING ON UPPER DUBLIN HILL

‘That Cork City Council would facilitate plans to install a signalised pedestrian crossing at Upper Dublin Hill adjacent to the very busy business park at the top of Dublin Hill.

There are a lot of people currently working in this business park, and a signalised pedestrian crossing at this location would greatly enhance the safety of pedestrians going to and from the business park every day.’

(Proposer: Cllr. J. Kavanagh 26/013)

North East Local Area Committee – 23/02/2026

2. WINTHROP ARCADE

‘That Cork City Council would put plans in place to acknowledge, commemorate and celebrate the 100-year Anniversary of the opening of the Winthrop Arcade Retail Centre in Cork City.

This beautiful iconic retail centre is located in Cork City Centre and runs between Oliver Plunkett Street and Winthrop Street, and it was officially re-opened on May 1st 1926 by the Lord Mayor of the day, Sean French. The original retail outlets at this particular location had been destroyed by British forces in December 1920 during the Burning of Cork.

Can I also ask that Cork City Council erect a commemorative plaque at a suitable location in the Winthrop Arcade, acknowledging its 100-year history, and maybe include a QR code on the plaque which would include details of the history of the Winthrop Arcade in our city centre. This would be of keen interest to many residents of our city and of course the many tourists who also visit our city.’

(Proposer: Cllr. J. Kavanagh 26/015)

Party Whips – 23/02/2026

3. NAMING OF BRIDGES

‘That Cork City Council call one of the new bridges over the Lee after the Ballincollig sculptor Joseph Higgins who while working as a clerk in Newsom and Sons tea merchants attended night classes at the Crawford School of Art specialising in sculpture modelling and wood carving winning several national awards. He died at 25 from tuberculosis. Nineteen of his sculptures survive, many of which his son in law, the sculptor Seamus Murphy, had cast in bronze. He did a forceful portrait of Michael Collins carved from lime

wood. The national sculpture factory is in Cork and this would be a fitting tribute to Cork's sculpture history. The City Library recently honoured the anniversary of his death.'

(Proposer: Cllr. S. Martin 26/059)

Party Whips – 23/02/2026

4. **PUBLIC LIGHTING IN GLANMIRE**

'That Cork City Council would put plans in place to fund and erect public lighting on the stretch of road in Glanmire which is named the R639.

The stretch of road in question is from the junction to L2999, along the R639 to the junction with Barnavara Hill and the L3010. This very busy stretch of tree lined road is currently in complete darkness and poses significant dangers to all road users and pedestrians using the footpath along this stretch of road.'

(Proposer: Cllr. J. Kavanagh 26/060)

North East Local Area Committee – 23/02/2026

5. **FRAMEWORK FOR ASSESSING NEW PLANNING APPLICATIONS**

'That Cork City Council, in the context of the Cork City Development Plan, seek to establish an enhanced and more detailed framework to guide planning officers in the assessment of new planning applications, specifically to assist in determining whether proposed developments are appropriate, proportionate, and in keeping with the character, scale, density, design, and amenities of their immediate surroundings.

This framework should aim to provide greater clarity and consistency in planning decisions, strengthen confidence among residents and applicants, and ensure that new developments contribute positively to the existing built environment, public realm, and overall quality of life in local communities.

That the Committee further requests that this framework be informed by best practice, existing Development Plan objectives, and meaningful consideration of local context, including established neighbourhood patterns, infrastructure capacity, and community impact.'

(Proposers: Cllr. F. Dennehy, Cllr. C. Kelleher, Cllr. A. Deasy, Cllr. T. Coleman, Cllr. G. O'Brien, Cllr. C. O'Connor 26/061)

(Proposer: Cllr. P. Horgan 26/065)

South East Local Area Committee – 24/02/2026

10. **FEASIBILITY OF SOLAR-POWERED CCTV AT INNISHMORE PLAYGROUND**

‘That this Committee requests Cork City Council to examine the feasibility of installing CCTV cameras at Innishmore Playground, with particular consideration given to the use of solar-powered CCTV systems.’

Innishmore Playground is due to be reinstated following the securing of over €85,000 in government funding. Historically, this playground has been a frequent target of antisocial behaviour, vandalism, and arson attacks. With significant public investment now being made to restore this important community amenity, it is vital that appropriate measures are explored to safeguard the facility and ensure it remains safe and accessible for local families and children.

This motion further asks that, as part of this feasibility assessment, Cork City Council considers solar-powered CCTV options in line with environmental sustainability and green

energy objectives, while also potentially reducing long-term operational and installation costs.’

(Proposer: Cllr. C. Kelleher 26/066)

South West Local Area Committee – 23/02/2026

18. **BILLBOARD TAX**

‘That Cork City Council will investigate the potential for the operation of a ‘billboard tax’ in the city, for example by requiring the payment of development contributions by outdoor advertisers, and limiting the term of the grant of planning permission.’

(Proposer: Cllr. O. Moran 26/078)

22. **WORKS ALONG KNOCKFREE AVENUE AND KNOCKPOGUE AVENUE**

‘That Cork City Council would agree to temporarily suspend all ongoing and scheduled works along Knockfree Avenue and Knockpogue Avenue, Farranree.

This pause would allow for structured and community engagement, improved transparency, and the presentation of clear and comprehensive project plans to residents and elected members.

While a vast majority of residents welcome the principle of an improvement scheme for the area, they have clearly indicated that they do not support key elements of the current proposals. In particular, there is significant concern regarding the removal of mature trees, the introduction of cycle lanes in place of existing landscaping, and the associated reduction in on street car parking spaces. These aspects are viewed as having considerable environmental, visual, and practical impacts on daily life in the community.’

(Proposer: Cllr. N. O’Flynn 26/083)

North West Local Area Committee – 23/02/2026

23. **KNOCKFREE AND KNOCKPOGUE AVENUES**

‘In light of the significant community opposition to the plans for Knockfree and Knockpogue Avenues, this Council calls for an immediate temporary stoppage of work to allow space for the Council to seriously engage with residents who are calling for clarity, clear and full plans and better community engagement. The contractor should also be engaged with by the Council to allow for this temporary stoppage.’

(Proposer: Cllr. B. McCarthy 26/084)

North West Local Area Committee – 23/02/2026

(Proposer: Cllr. H. Kamegni 26/086)

South East Local Area Committee – 24/02/2026

(Proposer: Cllr. C. O’Connor 26/091)

South West Local Area Committee – 23/02/2026

31. “INELIGIBLE BY INCOME” AND RISK OF HOMELESSNESS

‘That Cork City Council notes the Chief Executive’s data showing over 150 social housing applications closed as “Ineligible – Income” since 2023, and the absence of data on whether these households subsequently present to homeless services.

Council recognises the growing cohort whose income exceeds social housing thresholds but who cannot afford Cork’s private rental market or access a mortgage, placing them at real risk of homelessness.

Council therefore requests that the Chief Executive:

- Analyse how many applicants closed as “Ineligible – Income” later sought homeless, HAP, or tenancy sustainment supports, and identify affected household types.
- Write to the Department of Housing, Local Government and Heritage seeking a review of income thresholds for high-rent cities like Cork.

The Kerry Pike Clogheen Association have raised concerns in relation to the delay with the ‘Kerry Pike Pedestrian Improvement Scheme’ and outline the state of disrepair of the footpaths and in some parts having no footpaths at all. Can the Council provide a report on this with a start date to commence works.’
