RE: **Section 5 Application: R1006-25 8 Grange Vale, Pinecroft, Grange, Cork.**  
**T12 E2VK**

A Chara,

With reference to your request for a Section 5 Declaration at the above-named property, received on 03<sup>rd</sup> of December, 2025.

The Question before the Planning Authority was whether the installation of external insulation is development and if so, is it exempted development?

Having regard to —

Sections 2, 3, and specifically 4(1)(h) of the Planning and Development Act 2000 as amended, and

Articles 6, 9 and Part 1 of Schedule 2 of the Planning and Development Regulations 2001 to 2018

the planning authority considers that —

**We are Cork.**

# Comhairle Cathrach Chorcaí Cork City Council

Application type	<b>SECTION 5 DECLARATION</b>
Question	<i>Whether the following is development and, if so, is it exempted development:</i>  <i>whether the proposed external insulation and covering of stone façade is exempt</i>
Location	8 Grange Vale, Pinecroft, Grange, Cork
Applicant	Donal Tobin
Date	25/02/2026
<b>Recommendation</b>	<b>Is development and is exempted development</b>

#### INTERPRETATION

In this report 'the Act' means the Planning and Development Act, 2000 as amended and 'the Regulations' means the Planning and Development Regulations, 2001 as amended, unless otherwise indicated.

#### REQUIREMENTS FOR A SECTION 5 DECLARATION APPLICATION

Section 5(1) of the Planning and Development Act 2000 as amended states,

*5.—(1) If any question arises as to what, in any particular case, is or is not development or is or is not exempted development within the meaning of this Act, any person may, on payment of the prescribed fee, request in writing from the relevant planning authority a declaration on that question, and that person shall provide to the planning authority any information necessary to enable the authority to make its decision on the matter.*

The requirements for making a section 5 declaration are set out in the Act.

#### THE QUESTION BEFORE THE PLANNING AUTHORITY

The question to the planning authority is framed using the phrasing of section 5. The applicant states in the request: *"Installation of external Insulation at 8 Grange Vale, Pinecroft, Douglas. Are these works exempt under Section 5."*

In my opinion the intention of the request is clear, and that it is entirely reasonable to consider the question before the planning authority as being:

*Whether the following is development and, if so, exempted development:*

- 1. Installation of external Insulation*

#### SITE DESCRIPTION

The subject property is a two-storey semi-detached dwelling in the Sustainable Residential Neighbourhoods zoning area. The area is predominantly residential in nature.

#### DESCRIPTION OF THE DEVELOPMENT

The works proposed have not been constructed to date on site it is noted.

### **RELEVANT PLANNING HISTORY**

It is noted that the dwelling is located in the former County Council area and no records exist for a planning application on this site. No recent planning permissions are set out on both the City and County Planning Enquiry systems for the site also.

### **LEGISLATIVE PROVISIONS**

#### **Planning and Development Act, 2000 as amended**

##### **Section 2(1)**

*“exempted development” has the meaning specified in section 4.*

*“structure” means any building, structure, excavation, or other thing constructed or made on, in or under any land, or any part of a structure so defined, and—*

- (a) where the context so admits, includes the land on, in or under which the structure is situate, and*
- (b) in relation to a protected structure or proposed protected structure, includes—*
  - (i) the interior of the structure,*
  - (ii) the land lying within the curtilage of the structure,*
  - (iii) any other structures lying within that curtilage and their interiors, and*
  - (iv) all fixtures and features which form part of the interior or exterior of any structure or structures referred to in subparagraph (i) or (iii).*

*“works” includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure or proposed protected structure, includes any act or operation involving the application or removal of plaster, paint, wallpaper, tiles or other material to or from the surfaces of the interior or exterior of a structure.*

##### **Section 3(1)**

*In this Act, “development” means, except where the context otherwise requires, the carrying out of any works on, in, over or under land or the making of any material change in the use of any structures or other land.*

##### **Section 4(1)(h)**

*4.(1) The following shall be exempted developments for the purposes of this Act—*

*...*

*(h) development consisting of the carrying out of works for the maintenance, improvement or other alteration of any structure, being works which affect only the interior of the structure or which do not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or of neighbouring structures;*

##### **Section 4(2)**

Section 4(2) provides that the Minister may, by regulations, provide for any class of development to be exempted development. The principal regulations made under this provision are the Planning and Development Regulations 2001, as amended.

### **Section 4(3)**

A reference in this Act to exempted development shall be construed as a reference to development which is—

- (a) any of the developments specified in subsection (1), or
- (b) development which, having regard to any regulations under subsection (2), is exempted development for the purposes of this Act.

### **Section 5(1)**

See section 1 of this report.

## **Planning and Development Regulations 2001 as amended**

### **Article 5(2)**

In Schedule 2, unless the context otherwise requires, any reference to the height of a structure, plant or machinery shall be construed as a reference to its height when measured from ground level, and for that purpose “ground level” means the level of the ground immediately adjacent to the structure, plant or machinery or, where the level of the ground where it is situated or is to be situated is not uniform, the level of the lowest part of the ground adjacent to it.

### **Article 6(1)**

Subject to article 9, development of a class specified in column 1 of Part 1 of Schedule 2 shall be exempted development for the purposes of the Act, provided that such development complies with the conditions and limitations specified in column 2 of the said Part 1 opposite the mention of that class in the said column 1.

### **Article 9**

Article 9 sets out restrictions on exemptions specified under article 6.

### **(Article 6) Schedule 2, Part 1**

Classes 1-8 relate to development within the curtilage of a house. Having examined the Classes it is considered that no specific Class relates to the works that have been carried out on site to date.

## **ASSESSMENT**

### **Development**

The first issue for consideration is whether or not the matter at hand is ‘development’, which is defined in the Act as comprising two chief components: ‘works’ and / or ‘any material change in the use of any structures or other land’.

‘Works’ is defined in section 3(1) of the Act as including ‘any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal’.

With regard to the proposed development, the main issues to consider is as follows:

*Amendments to the front of the house which include*

- a) *external insulation to cover the dwelling façade*

- I consider that the specific details set out above constitutes ‘works’ as they comprise the alteration to a building on the site. As the proposal comprises ‘works’, it is clearly therefore ‘development’ within the meaning of the Act.

Therefore, as the proposal comprises 'works', it is clearly therefore 'development' within the meaning of the Act.

## **CONCLUSION**

### **Is development**

#### ***Exempted development***

The next issue for consideration is whether or not the matter at hand is exempted development. Section 2(1) of the Act defines 'exempted development' as having 'the meaning specified in section 4' of the Act (which relates to exempted development).

Section 4(3) of the Act states that exempted development either means development specified in section 4(1) or development which is exempted development having regard to any regulations under section 4(2).

With regard to the proposed development, the main issues to consider is as follows:

*Amendments to the front of the house which include:*

- a) external insulation to cover the dwelling façade*

It is noted that within the confines of the wider Pinecroft residential estate that numerous building additions and alterations have been carried out to a number of properties to date. It is considered that these additions have altered what was the original design consistency of the original 1970s residential housing estate from what it was at the time of construction to what it is now. As a consistent appearance with the character of the structures is no longer in place I do not consider the external insulation works proposed to be material.

I consider that the works proposed can be considered exempt under Section 4(1)(h) of the Planning and Development Act 2000 (as amended) as they are works that affect the interior of the structure but also do not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or of neighbouring structures.

#### ***Restrictions on exemption***

I do not consider that any apply in this instance.

## **CONCLUSION**

### **Is exempted development**

#### **ENVIRONMENTAL ASSESSMENT**

I note the provisions of sections 4(4), 4(4A) and 177U(9) of the Act which state,

*Section 4(4),*

*Notwithstanding paragraphs (a), (i), (ia) and (l) of subsection (1) and any regulations under subsection (2), development shall not be exempted development if an environmental impact assessment or an appropriate assessment of the development is required.*

*Section 4(4A)*

*Notwithstanding subsection (4), the Minister may make regulations prescribing development or any class of development that is—*

- (a) authorised, or required to be authorised by or under any statute (other than this Act) whether by means of a licence, consent, approval or otherwise, and*
  - (b) as respects which an environmental impact assessment or an appropriate assessment is required,*
- to be exempted development.*

*Section 177U(9)*

*In deciding upon a declaration or a referral under section 5 of this Act a planning authority or the Board, as the case may be, shall where appropriate, conduct a screening for appropriate assessment in accordance with the provisions of this section.*

**8.1 Screening for Environmental Impact Assessment**

Having regard to the contents of Article 103 and Schedule 7 of the Planning and Development Regulations 2001, as amended it is considered that the proposed development by reason of its nature, scale and location would not be likely to have significant effects on the environment. Accordingly it is considered that **environmental impact assessment is not required.**

**8.2 Screening for Appropriate Assessment**

The applicant has not submitted an appropriate assessment screening report. The relevant European sites are the Cork Harbour SPA (site code 004030) and the Great Island Channel cSAC (site code 001058). Having regard to the location of the proposed development site relative to these European sites and related watercourses and to the nature and scale of the proposed development it is considered that the proposed development would not affect the integrity of these European sites. Accordingly it is considered that **appropriate assessment is not required.**

**RECOMMENDATION**

In view of the above and having regard to —

- Sections 2, 3, and specifically 4(1)(h) of the Planning and Development Act 2000 as amended, and
- Articles 6, 9 and Part 1 of Schedule 2 of the Planning and Development Regulations 2001 to 2018

the planning authority considers that —

the proposed works to be carried out to the existing dwelling house, consisting of the following:

*external insulation and the covering of dwelling façade*

at 8 Grange Vale, Pinecroft, Grange, Cork **IS DEVELOPMENT** and **IS EXEMPTED DEVELOPMENT.**
